Dear Stephen,

Thank you for your letter of 5 December.

I am glad that you suggested that you should get involved in the question of the terms and conditions of Special Advisers. I gather that you, Peter Cropper, David Wolfson and Peter Davis have now had an opportunity to discuss Peter Cropper's ideas and our draft proposals on pay, and that there was general agreement that the proposals represented a sensible way forward.

Yes

Yours sincerely

P E MIDDLETON
