Dear Chairman,

I am writing to you about the European Elections on June 16th. We want a good result - indeed we need to win at least as many seats as we hold now. That will strengthen my hand enormously when I come to negotiate for Britain with other heads of government in Europe.

We are doing everything we can to present our case effectively and to gather support from all those who agree that Conservative M.E.P.s represent Britain best.

I am counting on you and our supporters to identify the Conservatives and get them to the poll on Thursday the 16th June. I know you will.

Yours sincerely
Margaret Thatcher
