Dear Prime Minister,

Please accept my hearty congratulations on the success of the Economic Summit. In your usual style it was superbly and professionally managed.

I know the President appreciated fully your sensitivity to his concerns, and is extremely grateful for the cooperation and hospitality accorded to the U.S. side.

Permit me to single out several people who deserve special mention for their efforts in connection with the Summit. They include Nicholas Barrington, David Harris, Richard Morgan, and Peter Durrant, all of whom

worked exceptionally hard
to insure that the Summit
was a great success.

With best wishes.

Sincerely,
Charles D. Price
