

PRIME MINISTER

Mr. Freddie Weyer

Mr. Weyer is Chairman (not Leader) of the Conservative Group on the GLC, having been a member since its inception. He will be playing a critical role in trying to persuade GLC Conservative councillors not to resign in May next year.

The Chairman thinks it very important that you see him in order to strengthen his hand, and I agree.

Any meeting with you need not be long - say twenty minutes. The Chairman will be present.

Would you be prepared to see him?

SF

Yes not
